Here Comes The Dreamer

THE BOOK TOUR

Every dream is conceived and birthed in the mind of a dreamer, the central figure in the dream and the person around whom all the events or actions in the dream are centered. The dream becomes the dreamer's life script in which the dreamer is the hero. That's why *"Here Comes The Dreamer"* is so significant for anyone who believes there is a dream inside of them that has been fighting and kicking to get out.

Dr. Robinson clearly outlines, what he calls the "dream-path" for those who have had life's disappointments bury all their hopes and dreams. This book is filled with the practical wisdom, life principles and revelatory insights that can change the trajectory of your seemingly damaged future and cause you to dream again.

That's why the title is in the form of an announcement that gives the signal to the universe that a new dreamer has been born. A must read for you if you believe that through God, dreams can still become a reality.

Testimonials

My name is Ebony Vaughan and I have been blessed to sit under the teaching of Dr. Kenneth Robinson for over 15 years. Over the years, Dr. Ken's teaching has inspired me and my husband in so many ways as it relates to Faith, Family and Finances. He has taught us the importance of putting God and family first as well as activating our faith and the word of God in our everyday lives. I appreciate the way Dr. Ken is able to teach the Word of God with such power, yet with such practicality and simplicity. Anyone under his teaching is able to gain practical steps to pursue their purpose and gain financial freedom. I feel privileged to have been able to sit under Dr. Ken's teaching and have been intentional in my pursuit of applying the knowledge that I have obtained from him.

While under his leadership and by the leading of the Holy Spirit, I have been able to build multiple businesses, author 3 books, and continue in my journey of financial freedom. Dr. Ken is passionate about equipping people for purpose and has demonstrated tremendous courage in the face of adversity. He has modeled for myself and so many others how to pursue God in all things, persevere through challenges and how to gain success through diligent work and applying the word of God in our everyday lives.

Growing up, I was taught that getting a college education, working a corporate job that pays well and saving my money was the key to financial success. I struggled with that because I knew it had to be more. The teachings on dreaming and financial freedom by Dr. Ken opened my mind to what I was missing on how to get out of Debt, make, manage and grow my money. It also encouraged me to Dream Big. This allowed me to become an entrepreneur, business owner and now an investor. I have 4 streams of income and looking for more.

- *Markus McAllister, Entrepreneur and Pastor*

I am so blessed to share my testimony about Dr. Ken and his teaching. Dr. Ken was given a prophetic word at the beginning of this year about abundance that I read out loud every day for over a month. I am a full-time business owner and I don't think I have missed an episode of Faith 4 Finances this year. Not knowing what was to come this year, I took Dr. Ken's courses on personal finances, have been faithful in my giving and the sales in my business have QUADRUPLED since last year this time. I am HIRING in this pandemic when other businesses, much larger than me, are closing their doors and FIRING people. Blessings are truly chasing me down and overtaking me (Duet 28:2) and it's not over. Dr. Ken, what you teach is needed for the Kingdom and I am thankful to have you as my spiritual leader and financial coach.

- *Shawn LeSeur, Entrepreneur and Life Coach*

Dr. Ken's book and teachings had encouraged me and shown me how to better make and manage my finances through the pandemic and life. Dream again has sparked me onto the road to relaunch my business for an extra stream of income. GOD IS AWESOME!

- *Keisha Mills, Business Owner*

When I first heard Dr. Ken, I did not have a job. In bible study Dr. Ken was teaching about finances and how God will bless your finances. That night he told us to write down our income and multiply it by 2. At the time I had no job so my income because I had just lost my job. So me multiplying my income by 2 just gave me zero. He said if you don't have a job write down the income you want. I did that and that next week I got a job and the income that I had written down. Since then I have not been without a job. This year God blessed me with a new job and a new home. I am set to make over 100K. I know that the financial blessings and all the blessings that I have received were due the teaching that DR. Ken taught at Dreamlife. I could say so much more but I will stop here. By the way God has more than doubled my income. Thank you for the awesome teaching Dr. Ken
